Private PADI Open Water SCUBA Certification

Three-quarter of the world's surface is covered by water. The Adventure Sports PADI Open Water Diver Certification course is your beginning guide to this new world of unprecedented beauty. We have created one of the most successful programs to make Monterey Bay a wonderful silent world available to anyone who desires to enter this space. Our program is unique in that we have totally trained our instruction staff in Northern California waters and built the only SCUBA training facility on the Monterey Bay with lecture room, outfitting, barbecue, and Jacuzzi-enhanced pool combined to make your beginning SCUBA experience complete and loaded with pleasure.

Throughout the course, you'll learn fundamentals of scuba diving, including dive equipment and techniques. You will also earn a PADI Open Water Diver Certification that is recognized worldwide. PADI Open Water Diver Certification is your ticket to a lifetime of intense adventure. You earn this rating by completing five pool dives and knowledge development sessions and by making four open water (ocean or lake) dives. As a certified PADI Open Water Diver you have the freedom to dive with a buddy independent of a professional.

PADI Open Water Certification licenses you to dive worldwide. This class opens you to the experience of flying with the fishes. We will cover all safety and equipment issues relating to Open Water SCUBA Certification following the PADI Curriculum. Private classes are scheduled to meet your needs for individual or group instruction.

Our classes are conducted in our Instructional Center. Each class session includes both class work and pool training.
